

## Electricity Hydro Power Certificate

Issued for:

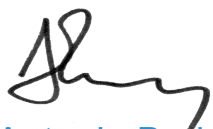

On behalf of Hotel International au Lac, Powergia will produce for the delivery period 2020-2021-2022

# 300'000 kWh

**Guarantees of Origin free of carbon dioxide CO2 from Hydro Power Plants**

subject to Pronovo and EECS (European Energy Certificates System) in accordance with the Ordinance on Guarantees of Origin.

This certificate confirms that International au Lac is taking responsibility towards an efficient use of resources and the protection of the environment. The carbon emissions from their power consumption has been neutralized by the purchase of certified electricity from hydro power plants, which are cleared by the relevant government institutions.
